• Rly as chair of the  
Islandora Metadata  
Committee, finalized a  
New Terms of Reference.  
They also spearheaded a  
motion for 2 new  
fields, "Volume"  
and "Issue",  
be added to  
the default  
Islandora profile  
is.

AC continues a bi-weekly update of  
the Canadian Subject Headings  
RT continues to assess and fix "bad" (invalid)  
ISBNs in the catalogue. Are they types? ISBNs?  
RL emptied the shelving location, INTERNET. It  
seems to be a remnant from early days of e-records.  
The location has been renamed to  
"DO NOT USE (formerly INTERNET)". Please don't  
use it.  
AC is working on fixing bad accents  
RT is cleaning up old "full text  
via Proquest" links. Many are  
theses that can now be  
linked to Scholar.

## DIGITAL Collections

Pwc.uperi.ca  
was labeled!

Cleanup -  
IslandVoices name  
roles have been  
improved by AC

Preparing for  
RDM with all its  
weird features

Postcards collection underway  
• cleaning up lots of orphan  
objects! It was easy to  
make them in Islandora 7  
• site setup stuff needed to  
happen as this is our 1st  
collection on the IslandArchives  
site - url aliases, views,  
auto entity labels.  
• metadata issues include  
newline characters in abstract,  
typos in MODS tags, corporate  
names entered as persons,
